Guidance notes for completing the Admission Agreement

The Admission Agreement (AA) should not be completed without the relevant parties having read and considered the documents on the: New Fair Deal page on the Civil Service Pension website which can be found [here](#)

If having considered the documents, you consider that the new employer is to participate in the Civil Service Pension Schemes (CSPS) and become an admitted body (**AB**) both the department responsible for the transfer, the contracting authority (**CA**) and the AB will need to enter into an AA. Participation in the Pension Schemes brings with it, participation in their associated schemes/arrangements. The full list is in Schedule 2 of the AA, (the **Schemes**). The most current version of the AA is shown on the Civil Service Pensions website [here](#) and you will be sent a WORD version for completion once you have submitted an application form to the Cabinet Office.

Detailed guidance on completing the AA is set out below. This note also contains the obligations the AA places on the contracting authority.

Cover page

Ensure the data inserted on this cover page is consistent with the commercial documents. Note also:

1. A separate AA is required for each contract. Where multiple transfers are known and expected within the same contract this must be expressly raised with Civil Service Pensions early on. Please note this AA has been drafted so as to allow for subsequent staff transfers, provided those subsequent transfer involve staff providing the same "Services" under the same "Contract". The definitions of Services and Contract are crucial.
2. The Contracting Authority must be both a Scheme Employer and able to give the indemnities contained within the AA. If either of these two conditions are not met another body will be required to act as Contracting Authority. Civil Service Pensions must be informed early on.
3. It is anticipated that the contract provides for both the transfer of employees eligible for NFD protection and the provision of services by the new employer the AB to the CA. Where this is effected under two different contracts or arrangements Civil Service Pensions must be informed early on. Where either (i) NFD has been applied during the life of a current contract or (ii) where the new contract has been secured/won by the incumbent and there is no transfer of staff under TUPE, one of the two sets of wording in square brackets at Recital E is required.
4. If the contract start date is different from the 'Effective Date' this must be stated. Civil Service Pensions need to know the anticipated length of time for which the AB will participate under the terms of the AA. Hence this additional enquiry regarding the scope for extension.
5. The number of staff transferring MUST match Schedule 1. Where it is likely this number will change mark the number as *INTENDED*
6. The email contacts required on the cover sheet are for the department or person(s) at the CA and AB responsible for ensuring the compliance with the AA going forward on a day to day basis. It is not necessarily the party that signed the AA.

Signature process

The AA must be sent to Civil Service Pensions in advance of the transfer but it is acknowledged that the list of transferring employees at Schedule 1 may not have been finalised. The list should be completed to the best of the CA's ability and if the list changes between the date it is supplied to Civil Service Pensions and the date

of transfer, the Effective Date, an updated list must be provided by the CA. It is the AB's responsibility to double check within 3 months of transfer ¹that the list is correct.

The AA must be signed and dated in hard copy in **triplicate** by both the CA & AB before all three signed and dated documents are sent to Civil Service Pensions. The AA must be signed by someone with authority to give the undertakings and indemnities contained within it.

The AA imposes obligations not only on the AB, but also on the CA. In signing the AA, the CA is confirming that it has read and understood all of the terms of the AA and that it will comply with the obligations imposed.

Non-standard situations

The AA is a standard document and only the highlighted text is to be amended. Any further amendments require the approval of Civil Service Pensions.

Non-standard situations must be referred to Civil Service Pension in good time and at least three months, and in complex cases six months, before the transfer date. Non-standard situations can often be accommodated; the following is a not an exhaustive list of non-standard situations accommodated to date:

1. Transfer of a function;
2. Transfer to a sub-contractor where financial arrangement remains between the CA and Prime Contractor;
3. Commissioning Body not able to act as CA;
4. Multiple CA, e.g., more than one CA calling off services under a framework agreement; and
5. Multi party issues involving more than one of the above.

Note, the AA contains the following indemnities:

Clause 4.4: the AB to indemnify the Minister for the Schemes and the CA should it allow someone to be admitted who is not eligible.

Clause 5.2.11: the AB to indemnify the Minister for the Schemes and the CA should it fail to notify and consult with employees or their representatives regarding loss of eligibility or obtain a signed waiver form.

Clause 5.3: the AB to indemnify the Minister for the Schemes and the CA for any losses, damages or claims incurred by either as a result of the AB's breach of the terms of the AA.

Clause 9: the CA to indemnify the Minister for the Schemes for any cost to the Schemes arising as a result of the AB's breach of the terms of the AA. Owing to this indemnity the CA will require the right to set off such sums from the AB.

Obligations placed on CA

Obligations include, but are not limited to the following:

- Clauses 9.1 and 9.2 of the AA require the CA to indemnify the pension scheme for any failure by the AB to pay employer and employee contributions and all such other sums that the AB is required to pay to the Schemes. There is also a right in the AA for the CA to set off any such payments against

¹ See clause 5.2.12 of the AA

any sums it is due to pay to the AB under the Contract, although it is strongly recommended that this is also included in the main commercial contract.

- Clause 9.1 of the AA also requires the CA to use best endeavours to ensure that the AB complies with the terms of the AA.
- Clause 9.4 of the AA requires the department to obtain, and keep up to date, lists of eligible and admitted employees during the life of the Contract for so long as there are Eligible Employees.
- Clause 9.5 follows on from 9.4 and requires the CA to use its best endeavours to ensure that Eligible Employees will have NFD protection on subsequent transfers. This needs to be addressed in the commercial contracts.
- To comply with 9.4 the CA must keep records of all other information provided by the AB throughout the term of the AA namely:
 - o Those Eligible Employees who cease to be eligible (clause 4.3);
 - o Those Eligible Employees choose to opt out (clause 4.3);
 - o Any information provided regarding the AB's participation in the Schemes or ability to meet its obligations under the AA (clause 4.5);
 - o General information required under clause 5.2:
 - any information the Schemes may request (clause 5.2.6);
 - information relating to any change in terms and conditions of employment, working patterns or attendance, which might affect an admitted employee's eligibility to participate in the CSPA (clause 5.2.8);
 - the annual lists of Eligible Employees and Admitted Persons provided by the AB (5.2.12);
 - any data given on termination of the AA (clause 13.5)
 - Schedule 4 obligations

Definitions and explanation of the detail of the AA

Parties: the AB is the party who will, from the effective date, be employing staff who remain or become eligible to participate in the Schemes. You should discuss with your lawyers whether any parent company or prime contractor guarantee is required, this will be required if there is any suggestion that the AB will be unable to meet its obligations under the AA or if the CA has, or is likely to have insufficient protection under its right to set off in the main agreement.

There may be situations where it is necessary to join another or other parties to the AA e.g., the non-standard situations described above.

"Additional Eligible Services": These are services covered by another AA. The employee will need to transfer to the AA relevant for the services they are performing. Where these are AES, the eligible employee will have his or her name removed from the Schedule 1 list of employees participating under the first AA to join the Schedule 1 list for the AA for the AES. This action will only be taken with the express permission of Civil Service Pensions and the CAs involved, which must be sought 3-6 months in advance.

"Contract": the definition of 'Contract' is key because of the following:

- The Services are those set out in the Contract (definitions).
- The Contract is that which provides for the transfer of staff (AA cl 2.2).
- The eligibility is dependent on the employees providing the Services under the Contract (AA cl 3.1.3)
- The AB is to remain admitted to the Pension Schemes for the term of the Contract, (if this option is chosen) (AA cl 5.1 and cl 13 the Termination provisions)
- The set off provisions at Clause 10 of the AA refer to the Contract

Where there is not a single contract covering the transfer of staff and provision of services e.g., where there are multiple contracts or change notices or use of sub-contracting, care must be taken to identify the correct contract(s). If there are multiple relevant contracts amendment may be required and/ or other definitions included. Note additionally, where staff are allowed to return to the Schemes in a situation which is not a compulsory transfer, further amendment is required. Legal advice must be taken in either case and you must contact Civil Service Pensions 3 - 6 months in advance.

“Effective Date”: This is the date the staff transfer to the new employer. The standard AA has been drafted to allow for multiple transfer dates. Effective Date means both the First Effective Date and any Subsequent Effective Date. Where a Subsequent Effective Date i.e., transfer date(s) is/ are known then the final 5 lines, in square brackets, of clause 13.2.1 must be included. All transfer dates must be provided to CSP. The last known subsequent effective date is the date of the last known staff transfer and the date must be included in clause 13.2.1. Where, after the start of the AA, this last known subsequent effective date changes the CA must notify CSP. Confirmation of this long stop date, will be requested annually. Where these provisions of clause 13.2.1 are used, the subsequent transfer dates and last known subsequent effective date must be inserted/included in Schedule 1 and on the front cover sheet. See clause 13.2.1 below. You will use the Subsequent Transfer Date Schedule 1 Lists (A) to notify the AB and Cabinet Office in these cases and delete the Subsequent Transfer Date Schedule 1 Lists (B).

Where a subsequent effective date is not known at the time that the AA is entered into, the Subsequent Transfer Date Schedule 1 Lists (A) should be deleted and the Subsequent Transfer Date Schedule 1 Lists (B) should be retained for future use as may be required.

“Services”: this definition links to eligibility in clause 3,1 therefore it is crucial that the Services are clearly defined. Services can include or comprise functions as appropriate. Services are expected to be the services and/or function which the transferring employees carry out or Services and/or functions that the transferring employees could reasonably carry out but are not undertaking at the point of transfer and are published on the list of Admitted Bodies.

Clause 2.3: this wording needs to be amended depending on whether staff are retaining eligibility or re-joining the Pension Schemes for the first time. This should be amended for the position on the First Effective Date only. Where staff are being transferred out of the public sector for the first time, the following wording should be selected ‘*employ persons who immediately before the Effective Date were members, or were entitled to be members of the Schemes*’. Whereas for staff who currently participate in a broadly comparable private sector pension scheme the following wording should be chosen: ‘*employ persons who on the Effective became eligible to be members of the Schemes*’. This is because staff who are currently participating or eligible to participate in the Pension Schemes retain membership, whereas those returning for the first time have the right to re-join. Subsequent retendering will operate as an initial transfer, because staff will be already participating in the scheme. If the transfer involves a combination of staff transferring out of public service for the first time and staff re-joining the Pension Schemes, please contact Civil Service Pensions.

Clause 4.1: the wording, highlighted, in the 4th line of clause 4.1 needs to be amended depending on whether the transfer on the First Effective Date:

includes both Civil Servants being outsourced from a government department or Schedule 1 body for the first time (first generation transfers), and/or former Civil Servants, who remain eligible employees being transferred from a contractor already participating in the Schemes to a new contractor about to participate in the Schemes (subsequent transfers);

and/or Eligible Employees re-joining for the first time, i.e. from a 'broadly comparable' pension scheme (second generation transfer).

Whatever the nature of the transfer on the First Effective Date clauses 4.1.1 and 4.1.2 must remain as drafted because it allows for subsequent transfers to be on a different basis, to be included in Schedule 1, to that which applied on the First Effective Date.

Clause 13.2.1: The purpose of the clause is to safeguard the Admission Agreement from automatically terminating between the First Effective Date and the last Subsequent Effective Dates. If all Eligible Employees from the First Effective Date leave the scheme ahead of the next effective transfer date, then the Admission Agreement will remain open so that the Eligible Employees still expected to transfer, will be able to join the scheme. The long stop date i.e., the last named Subsequent Effective Date set out in Schedule 1, will leave the Admission Agreement open even where all Eligible Employees from the First Effective Date or a Subsequent Effective Date, leave the scheme ahead of the last Subsequent Effective Date as written in Schedule 1, otherwise a new Admission Agreement will be required. It is important that the CA provide the Cabinet Office with all transfer dates to be written into Schedule 1 as Subsequent Effective Date(s) so that long stop date allows sufficient time for all Eligible Employees to join the scheme.

Note it is the CA who must provide the AB with a list of transferring staff that are eligible for participation in the Pension Schemes.

In an initial transfer out from the public sector, it is expected that all the transferring employees will be eligible to either remain in the Pension Schemes or be admitted on transfer. Whereas in a re-tender situation the list of employees to whom NFD is to apply is expected to be smaller than the list of transferring employees because of the eligibility requirements. Please allow six (6) months to collate and check this information.

Schedule 1: The list of eligible employees expected to transfer on the effective date must be attached prior to signature. The AB is required to update this list when required by Civil Service Pensions. Subsequent and updated lists will additionally be required to state the date on which eligibility ended.

Recitals

(A) The Minister for the Civil Service has legislative responsibility for the delivery of Civil Service pension arrangements including the Schemes; day to day responsibility for the management of which has been delegated to the Minister for the Cabinet Office and to the Civil Service Pensions Board.

(B) The Civil Service Pensions Board has a responsibility to assist the Scheme Manager in overseeing the operation of the contract between the Cabinet Office and MyCSP Ltd pursuant to which MyCSP Ltd agreed to provide administration services to admitted employers to the Schemes.

(C) The HMT Guidance entitled "A Fair Deal for staff pensions" (dated 1999 & 2004) provided that staff compulsorily transferring out of public sector pension schemes should be offered membership in a scheme that provided broadly comparable pension benefits to those provided in the Schemes and should allow members to transfer their existing pensions into the broadly comparable pension scheme on favourable terms, should the member wish to do so.

(D) The revised HMT guidance as set out in the HM Treasury paper "Fair Deal for Staff Pensions: Staff Transfers from Central Government (October 2013)" provides that staff who are compulsorily transferred from the public sector should be allowed to retain access to their current employer's pension arrangements.

(E) The Public Service Pensions Act 2013 enables extended access to Civil Service pensions, including extended access to the Civil Service Pension Schemes, with the effect that Eligible Employees (as defined below) who are subject to a compulsory transfer can remain in the Schemes when they transfer, in accordance with the provisions of the Acts. **[EITHER Eligible Employees are also permitted to return to or remain in the Schemes where New Fair Deal applies during the life of a contract, i.e., where there is no change in employer such as in the current situation]. OR Eligible Employees are also permitted to return to or remain in the Schemes on retender where there is no change in employer such as in the current situation.**³

(F) A condition of allowing access to the Schemes for the Eligible Employees is that the Admitted Body agrees to enter into terms and conditions on the basis of those set out in this Agreement.

The Minister in consideration of the Admitted Body and the Contracting Authority agreeing to the obligations set out in this Agreement agrees to admit the Admitted Body to the Schemes.

Accordingly, the Parties **AGREE** as follows:

1. **INTERPRETATION**

1.1 In this Agreement the following definitions will apply:

² For Contracting Authority to consider whether a parent company or prime contractor guarantee is required. Legal advice MUST be taken.

³ This wording should be used only where the employer remains the same on admission, i.e., eligible employees do not transfer to a new employer. This can apply for both second generation 'transfers' where employees are returning to the Schemes for the first time and on subsequent 'transfers' where the incumbent is successful at securing the new contract. It can also apply where NFD applies on any extension of the contract, or a decision to apply NFD mid contract.

 - (b) working pattern, including but not limited to a change in working hours, or

- (c) attendance including but not limited to, any termination of employment or any long term sick leave or other absences;

which affects that Admitted Person's status as an Eligible Employee;

- 5.2.9 Notify and consult with any Eligible Employee and their trade union/employee representatives (where such representatives exist) in advance, in good time and before making any changes to terms and conditions of employment, whether voluntary or compulsory, which may have the effect of ending that employee's status as an Eligible Employee;
