Below are examples of how the real increases are calculated for:

- 1: Accrued pension
- 2: Lump sum (if applicable)
- 3: CETV
- 4: Single Total Figure of Remuneration

Example 1:

Increase in accrued pension where the senior manager was in post for the full year.

Accrued pension as at 31 March 2021 (previous year end)	£26,000 (A)
Accrued pension as at 31 March 2022 (current year end)	£27,000 (B)
Accrued pension as at 31 March 2021 (previous year end) plus	£26,000 (A) $\times 1.031 = £26,806$ (C)
inflation (@ 3.1%)	· · · · · · · · · · · · · · · · · · ·
Real increase in accrued pension during current financial year	£27,000 (B) - £26,806 (C) = £194 (D)

Example 2:

Increase in accrued lump sum where the senior manager was in post for the full year.

Accrued lump sum as at 31 March 2021 (previous year end)	£78,000 (A)
Accrued lump sum as at 31 March 2022 (current year end)	£81,000 (B)
Accrued lump sum as at 31 March 2021 (previous year end) plus inflation (@ 3.1%)	£78,000 (A) x 1.031 = £80,418 (C)
Real increase in accrued lump sum during current financial	£81,000 (B) - £80,418 (C) = £582 (D)
year	

Example 3:

Increase in CETV where the senior manager was in post for the full year.

CETV as at 31 March 2021 (previous year end)	£581,490 (A)
CETV as at 31 March 2022 (current year end)	£589,545 (B)
CETV as at 31 March 2021 (previous year end) plus	£581,490 (A) x 1.031 x relevant age factors =
inflation (@ 3.1% and based on age factors at the end of	£585,309.01 (C)
the year, not shown on the results page)	
Contributions paid during the year	£3,858.75 (D)
Real increase in CETV during current financial year after	£589,545 (B) - £585,309.01(C) - £3,858.75 (D) =
deductions	£377.24 (E)

Example 4:

Single Total Figure of Remuneration where the senior manager was in post for the full year.

Real increase In Pension as at 31 March 2022	£194 (A)
Real increase In Lump sum as at 31 March 2022	£582 (B)
Contributions paid during the year	£3,858.75 (C)
Single Total Figure of Remuneration	£194 (A) x 20 + £582 (B) - £3,858.75 (C) = £603.25
	(D) (rounded to £603)
