

2015 Remedy: Phase one data collection update

Schedule for completion

The table below shows the schedule for issuing data collection sheets. This is detailed by Tranche number and Target start date. Please refer to your employer name and Tranche Number to understand when you are likely to receive your datasheets. When you will need to complete and return your datasheets back to us will either be 4 or 8 weeks from that date. If you are able to complete and return your completed datasheet earlier than this date, please do so.

Tranche	Target start date
Tranche 1	Tues 1st Feb
Tranche 2	Wed 2nd Feb
Tranche 3	Thurs 3rd Feb
Tranche 4	Fri 4th Feb
Tranche 5	Tues 8th Feb
Tranche 6	Wed 9th Feb
Tranche 7	Thurs 10th Feb
Tranche 8	Tues 15th Feb
Tranche 9	Thurs 17th Feb
Tranche 10	TBC

Employer size	Deadline for completion (from issue date)
Small	4 weeks
Medium	8 weeks
Large	8 weeks

Impacted member totals

In August 2021, we communicated impacted member totals for both Phase one and Phase two. Since issuing those totals, we have used a more recent set of member data to capture the latest activities and have been able to obtain some of the original quantity of required WPS contributions.

The revised totals below show phase one only. Phase two impacted member totals will be issued before the start of phase two collection to ensure we have the correct scope at that time.

If your employer name was on the original list, but is not on this list, it means we have been able to extract the required data and nothing is required from you in phase one. However, it is likely you will have impacted member totals within phase two which will be communicated to you nearer the time.
