A Beginner's Guide to Benefit Statements

12-1pm • Friday 25 November

When you're a member of a good pension scheme, you'll want to keep up to date with how it's doing. For most members this means reading their Annual Benefit Statement (ABS), so this session is designed to help them get the most from it.

This session will cover:

What an ABS is and when you should get one

How to access your ABS

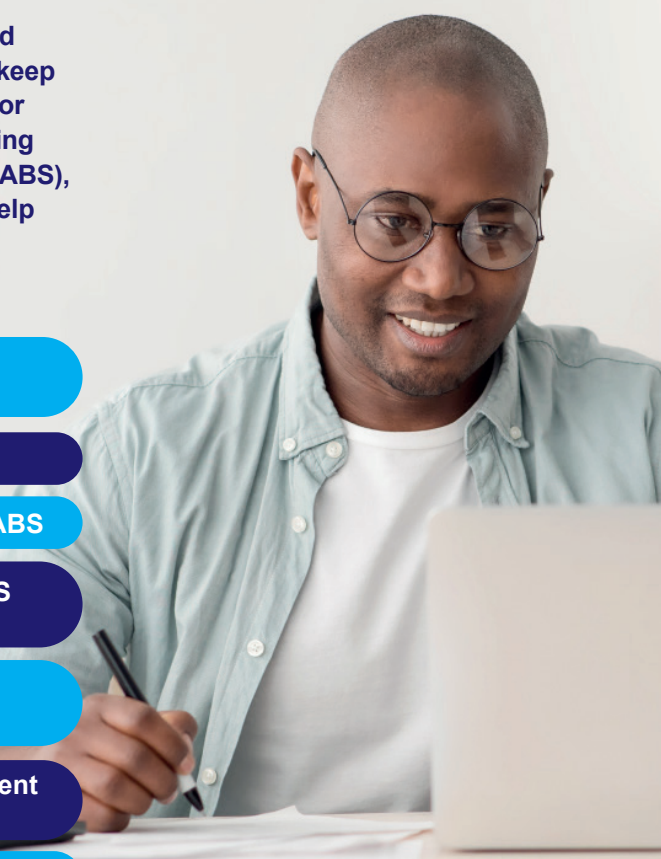

What to do when you get your ABS

The different sections of an ABS and what they mean

What to do if you have a query about your ABS

A demonstration of the Retirement Modeller

ABS FAQs
